FINANCE LINKED INDIVIDUAL SUBSIDY PROGRAMME (FLISP)

1 WHAT YOU GET

This subsidy can be used by first-time home buyers to purchase an existing house. It can also be used to purchase a serviced residential stand linked to a building contract or to build a new house on a residential stand that you already own. Subsidies are provided depending on your income bracket and will be used to reduce your monthly home loan repayments. This will make your home loan more affordable. Your subsidy amount is based on your household income and ranges between R27 960 – R121 626. See the FLISP sliding scale below to determine your subsidy amount.
