Table 44 – SA1: Supporting detail to Statement of Financial Performance.....	97-99
Table 45 – SA3: Supporting detail to Statement of Financial Position.....	100-101

## Glossary

<b>Adjustments Budget</b> – Prescribed in section 28 of the MFMA. The formal means by which a municipality may revise its annual budget during the year.
<b>Allocations</b> – Money received from Provincial or National Government or other municipalities.
<b>Budget</b> – The financial plan of the Municipality.
<b>Budget Related Policy</b> – Policy of a municipality affecting or affected by the budget, such as the tariffs policy, rates policy and credit control and debt collection policy.
<b>Capital Expenditure</b> - Spending on assets such as land, buildings and machinery. Any capital expenditure must be reflected as an asset on the Municipality's balance sheet.
<b>Cash flow statement</b> – A statement showing when actual cash will be received and spent by the Municipality. Cash payments do not always coincide with budgeted expenditure timings. For example, when an invoice is received by the Municipality it scores as expenditure in the month it is received, even though it may not be paid in the same period.
<b>DORA</b> – Division of Revenue Act. Annual piece of legislation that shows the amount of allocations from national to local government.
<b>Equitable Share</b> – A general grant paid to municipalities. It is predominantly targeted to help with free basic services.
<b>Fruitless and wasteful expenditure</b> – Expenditure that was made in vain and would have been avoided had reasonable care been exercised.
<b>GFS</b> – Government Finance Statistics. An internationally recognised classification system that facilitates like for like comparison between municipalities.
<b>GRAP</b> – Generally Recognised Accounting Practice. The new standard for municipal accounting.
<b>IDP</b> – Integrated Development Plan. The main strategic planning document of the Municipality
<b>KPI's</b> – Key Performance Indicators. Measures of service output and/or outcome.
<b>MFMA</b> – The Municipal Finance Management Act – no 53 of 2003. The principle piece of legislation relating to municipal financial management.
<b>MTREF</b> – Medium Term Revenue and Expenditure Framework. A medium term financial plan, usually 3 years, based on a fixed first year and indicative further two years' budget allocations. Also, includes details of the previous and current years' financial position.
<b>Operating Expenditure</b> – Spending on the day to day expenses of the Municipality such as salaries and wages.
<b>Rates</b> – Local Government taxation based on an assessed value of a property. To determine the rates payable, the assessed rateable value is multiplied by the rate in the rand.

**SDBIP** – Service Delivery and Budget Implementation Plan. A detailed plan comprising quarterly performance targets and monthly budget estimates.

**Strategic Objectives** – The main priorities of the Municipality as set out in the IDP. Budgeted spending must contribute towards the achievement of the strategic objectives.

**Unauthorised expenditure** – Generally, spending without, or in excess of, an approved budget.

**Virement** – A transfer of budget.

**Virement Policy** - The policy that sets out the rules for budget transfers. Virements are normally allowed within a vote. Transfers between votes must be agreed by Council through an Adjustments Budget.

**Vote** – One of the main segments into which a budget is divided, usually at directorate / department level.

## **Part 1 – Annual Budget**

### **1.1 Mayoral Budget Speech**

The budget speech will be made available after the Council meeting.

### **1.2 Council Resolutions**

The Council of George Municipality at a meeting that will take place during May 2020 will table the draft annual budget. The following draft resolutions are contained in the agenda of the Special Council meeting to be held in May 2020:

#### **RECOMMENDATION**

That the following draft resolutions in terms of sections 16(2) and 17(3) of the Municipal Finance Management Act, (Act 56 of 2003) be noted for final approval in June 2020.

#### **DRAFT RESOLUTIONS (To be approved in June 2020)**

- a) that the following draft policies be tabled for public comment:
  - (i) Customer Care, Credit Control and Debt Collection Policy and By-law;
  - (ii) Property Rates Policy and By-law;
  - (iii) Tariff Policy and By-law;
  - (iv) Unauthorized, Irregular and Fruitless and Wasteful Expenditure Policy;
  - (v) Indigent Policy;
  - (vi) Virement Policy;
  - (vii) Cash Management and Investment Policy;
  - (viii) Travel & Subsistence Policy;
  - (ix) Supply Chain Management Policy;
  - (x) PPPFA Policy;
  - (xi) Asset Management Policy;
  - (xii) Funding Borrowing & Reserve Policy;
  - (xiii) Long Term Financial Plan;
  - (xiv) Liquidity Policy
- b) that the draft annual budget for the financial 2020/21 year and indicative outer years 2021/22 and 2022/23 be tabled as set-out:
  - (i) Capital expenditure by project as contained in annexure "A" to the agenda;
  - (ii) Capital funding by source as contained in annexure "A" to the agenda;
  - (iii) Operating revenue by source as contained in Table A4 of the report;
  - (iv) Operating expenditure by type as contained in Table A4 of the report;
- c) that the tariffs for property rates as reflected in the report be tabled for the budget 2020/21 year;

- (d) that tariffs and services charges as reflected in the formal tariff list be tabled for the budget year 2020/21;
- (e) that the draft Service Delivery and Budget Implementation Plan (SDBIP) be tabled for the budget year 2020/21 as contained in annexure "B" to the agenda;
- (f) that the capital funding, both internal and external funding, be secured prior to the commencement of any new capital project;
- (g) that the draft annual budget documentation for 2020/21– 2022/23 as outlined in the budget regulations be submitted to National and Provincial Treasury.

### 1.3 Budget 2019/20 Mid-year Review and Adjustments Budget

The following table shows the original and adjustments budget for 2019/20.

	<b>Original Budget 2019/20 R'000</b>	<b>Adjusted Budget 2019/20 R'000</b>	<b>Difference R'000</b>
Capital	344 772	292 051	(52 721)
Operating Income	2 279 429	2 365 470	86 041
Operating Expenditure	2 270 007	2 342 222	72 215

The 2019/20 adjustments budget approved on 28 February 2020 was considered in the preparation of the 2020/21 MTREF. The capital budget must be set at a level that is realistic in terms of the capacity to deliver and the ability to fund.

### 1.4 Executive Summary

As is annually the case, the Budget Committee was confronted with numerous challenges during the budget process. It remains a complex task balancing the needs of the community with limited resources whilst having to operate within the legislative framework determined by the various spheres of government in ensuring a credible, funded budget is implemented.

Some of the crucial factors taken into account in the Budget Process are listed and discussed below for further clarity.

#### **1.4.1 A Credible Funded Budget**

A budget makes budgetary provision for service delivery to the community of George. The community should realistically expect to receive services that are affordable for which provision is made in a budget.

Amongst other things, a credible budget is a budget that:

- Funds only activities consistent with the revised IDP and vice versa ensuring the IDP is realistically achievable given the financial constraints of the municipality;
- Is achievable in terms of agreed service delivery and performance targets;
- Contains revenue and expenditure projections that are consistent with current and past performance and supported by documented evidence of future assumptions;
- Does not jeopardize the financial viability of the municipality i.e ensures that the financial position is maintained within generally accepted prudential limits and that obligations can be met in the short, medium and long term); and
- Provides managers with appropriate levels of delegation sufficient to meet their financial management responsibilities.

Furthermore, draft budgets tabled for consultation at least 90 days prior to the start of the budget year should already be credible and close to the final approved budget. During this financial year 12 Budget Steering Committee meetings were held. The Budget Committee was again confronted with various challenges during the budget process. The following had an impact:

- The expected moderate improvement in the local economy's projected GDP growth forecast (1.7 per cent in 2020) has not materialized and is expected to only reach 0.9 per cent in 2020, 1.3 per cent in 2021 and 1.6 per cent in 2022. (MFMA Circular No.99);
- The main risk to South-African's economy is the ongoing problems with Eskom's operations that continue to disrupt the supply of electricity to households and businesses. (MFMA Circular No. 98);
- The aforementioned impacts on local government ability to markedly contribute to reducing unemployment and poverty;
- The pressures of the slow economy on collection rates and the ability of George Municipality's residents to pay their municipal bill;
- The addressing of service delivery shortcomings as identified in the adjustments budget in February 2020 and its effect on the available funding;
- The continued funding constraints with regards to the low available funding for the Capital Budget through the Capital Replacement Reserve and the ability to take up loans to meet the demand for upgrading and replacing of

infrastructure. The development of the Capital Expenditure Framework (CEF) will assist in guiding the municipality in prioritizing the capital budget in line with the Spatial Development Framework (SDF), Long Term Financial Plan (LTFP) etc.

A strategy guided by council's long term financial plan (LTFP) was followed with the compilation of the draft budget, whereby the following was done:

- The municipality needs to focus on its core functions. During the February 2020 adjustments budget the Budget Committee and portfolio councillors in conjunction with the heads of departments, scrutinized the budget to affect all possible savings and to align the capital budget to achievable goals;
- The need to maximize income through efficiencies and the way we do business before we decide to increase our rates, service charges and other tariffs was again emphasized;
- A revenue enhancement project is ongoing to ensure that all consumers are billed correctly and are contributing to the municipality's income as set out in our tariff policy;
- A provision of R74,995 million was made for debtor's impairment in the operating budget. The writing off, of irrecoverable debt will continue to be scrutinized through the business processes of the internal credit control unit. The unit is guided by an internal credit control committee to ensure that proper credit control measures are performed and to recommend to council the writing off, of debt;
- The capital contributions policy was reviewed to ensure that the municipality receives fair compensation from bulk capacity sold to developers. The Budget Committee emphasized the principle that developers need to "pay-up-front" before any infrastructure development is carried out by Council. National Treasury is in a process of amending the Municipal Fiscal Powers and Functions Act, 2007 (Act No. 97 of 1997) to incorporate the regulation of development charges;
- A greater emphasis will be placed on improving our cash management practices, within the legal prescripts, to improve our liquidity position;
- All attempts need to be made to maximize available National and Provincial Government Grants to service part of our capital program. In this regard George Municipality applied to the Department: Corporate Governance for the Integrated Urban Development Grant. The application was unfortunately not approved;
- The Budget Committee reconfirmed that specific strategic land be identified which may be sold or developed to effect growth in George and to build the CRR.

### **1.4.2 Legal Directives**

The following legal directives/prescriptions were followed with the compilation of this draft budget:

- National Treasury sent out MFMA Circular No. 98 on 6 December 2019 providing guidance to municipalities on their 2020/21 budget and Medium-Term Revenue and Expenditure Framework (MTREF).
- This was followed by MFMA Circular No. 99 – on 09 March 2020.

### **1.4.3 Municipal Standard Chart of Accounts (mSCOA)**

The mSCOA Regulations apply to all municipalities from 1 July 2017. George Municipality has early adopted mSCOA in July 2016 and has been transacting across all the mSCOA segments. It is a complex reform and George Municipality will endeavor to consistently improve as we move on. The reform has also had an impact on almost all our budget “tools” and we need to develop new ways to budget across all mSCOA segments.

George Municipality implemented mSCOA version 5.4 in 2016. We are currently budgeting on mSCOA version 6.4 for the 2020/21 financial year. The changes in versions create its own challenges with the implementation thereof.

### **1.4.4 Review of Budget Related Policies**

In terms of section 17 (3) (e) of the Municipal Finance Management Act, No. 56 of 2003 it prescribes that the Municipality must review the budget related policies and by-laws (where applicable) annually.

This administration has reviewed the policies and workshops were held where changes were made to the following policies and by-laws:

- Customer Care, Credit Control and Debt Collection Policy and By-laws;
- Property Rates Policy and By-laws;
- Tariff Policy and By-laws;
- Unauthorized Irregular and Fruitless and Wasteful Expenditure Policy;
- Indigent Policy;
- Virement Policy; \*
- Cash Management and Investment Policy; \*
- Travel & Subsistence Policy;
- Supply Chain Management Policy;
- PPPFA Policy;
- Asset Management Policy; \*
- Funding Borrowing & Reserve Policy; \*
- Long Term Financial Plan;
- Liquidity Policy. \*

The Budget Committee has indicated that the finalization of the draft policy changes will be finalized after the budget consultation process is completed. The draft policies are contained in the budget documentation and will be placed

on the municipal website for public comment. Policies marked with an asterisk (\*) will be reviewed before the approval of the budget in June 2020.

#### **1.4.5 Municipal Budget and Reporting Regulations**

The Local Government: Municipal Finance Management Act (Act No. 56 of 2003): Municipal Budget and Reporting Regulations regulate the format of the budget documentation as set out in Schedule A (version 6.4) of the Municipal Budget and Reporting Regulations. This includes the main Tables A1 – A10 as well as the supporting tables.

#### **1.4.6 George Integrated Public Transport Network (GIPTN)**

George Municipality has commenced with the phased roll-out of the GO GEORGE public transport service that aims to provide reliable, affordable, accessible scheduled public transport service to the community of George. The first trial phase commenced on 8 December 2014 and subsequently phases two and three were rolled out in accordance with the schedule agreed to with the Vehicle Operating Company (VOC), George Link (Pty) Ltd, during the 2015/2016 financial year. Phase 4B was successfully rolled-out on 22 March 2020. The roll-out for Phase 4A is currently projected for the third quarter of the 2020/21 financial period followed by phases, 5 and 6 thereafter.

The Automatic Fare Collection System was successfully implemented on 14 November 2018. Fares have been set at the same level as paper tickets however there was additional cost related to the issuing of EMV card - (Europay, MasterCard® and Visa®).

The introduction of the GIPTN service required that the fare structure for GO GEORGE be included in the tariff list and that the approved fare structure be gazetted. There is currently a process underway with Council for the fare tariff to be reviewed and increased by an average 7.6% for the various product types. The proposed fare increase is in line with the increase for other municipal services. During the 2020/21 financial period GIPTN will introduce an off bus single trip to encourage greater usage of the smart card system.

The following municipal processes are included within the GIPTN project, and must be managed to meet the project milestones:

- Legislatively required approvals from Council;
- Legislatively required public comment processes;
- Progress updates to Mayoral Planning, Mayco and Council;
- Supply chain management processes for contracting (on-going);
- National grant funding requires milestones for coming years;
- Transfer of PTI/PTNO funds contingent on reaching milestones;
- High-level milestones will be submitted to NT for payment schedule.

The following key milestones of the GIPTN project have been set:

- Position of Bus Stops
- Complete for urban stops

- |                                      |                                 |
|--------------------------------------|---------------------------------|
| ▪ Construction of Bus Stops          | - 650 bus stops completed       |
| ▪ Construction of Shelters           | - 122 shelters completed        |
| ▪ Temporary Shelters                 | - 40 temporary shelters to date |
| ▪ Operator Contract – final          | - November 2014 (concluded)     |
| ▪ York Street depot                  | - Functioning                   |
| ▪ Fare Collection and ITS            | - Appointment through Province  |
| ▪ Auxiliary contracts                | - In progress                   |
| ▪ Infrastructure                     | - On-going                      |
| ▪ Operations, Oversight & Reporting- | On-going                        |
| ▪ Vehicle Operating Company          | - Established and Operational   |

Corporate Structure – A Council decision taken in 2016 placed the GIPTN function under the Municipal Manager's structure. The latest macro structure has moved the GIPTN function to Protection Services. It would be crucial to ensure that the necessary personnel structure to manage and operate the function is established and capacitated.

It must be specifically noted that the roll-out of the GIPTN project is being implemented on a very restricted budget and roll-out influences revenue required to fund operational costs.

An application was submitted to National Treasury (via the National Department of Transport) for additional funding in the 2019/20 financial year. Infrastructure is a key element, but is dependent on the grant funding received, however, the estimated shortfall is in the region of R75 million per annum.

MFMA Circular 98 of 2019 noted the revision to the PTNG grant which has funded 13 cities over the past decade of which only six (including George) have launched operations. In the 2020 MTEF the grant will be allocated to only 10 cities and these cities will be required to reduce their costs and demonstrate their effectiveness. It should be noted that there was a reduction of 6% in GIPTN's annual allocation in terms of the PTNG. The Provincial subsidy has decreased by 9% when compared to the 2019/20 financial period.

The gazetted national 2020/21 three-year budget for public transport is as follows:

Description	2020/21	2021/22	2022/23
National Grant	(R '000)	(R'000)	(R'000)
Operations	129,129	103,850	134,028
Infrastructure	24,516	22,920	0
<b>Sub-Total: PTNG</b>	<b>153,645</b>	<b>126,770</b>	<b>134,028</b>
<b>Provincial Grant</b>			
Operation	156,696	161,587	155,868
<b>Total - Grants</b>	<b>310,341</b>	<b>288,357</b>	<b>289,896</b>

In terms of paragraph 4.2.4.4 of the Financial Agreement the allocation of the Municipal GIPTN Infrastructure financing shortfall after the sixth year of operation shall be as agreed between the parties. At this stage, such an agreement is not in place, but it should be prioritised to ensure the sustainability of infrastructure program going forward.

### **Budgeted Deficit versus Depreciation**

The depreciation budget for the MTREF, calculated on the existing assets, is R168 million for 2020/21, R172 million and R185 million respectively for the two outer years.

Depreciation is calculated by using the straight-line method over the life-span of the asset. The assets in the asset register are funded from different funding sources and the depreciation of these assets is also treated differently.

George Municipality has used the “cost model” to implement GRAP 17. The fact that George Municipality has created 75% of its depreciable asset base in the last ten years has increased the depreciation cost beyond normal tariff increases.

As example, a filtration plant was constructed with funds from the emergency drought relief grant. A capital asset of ± R95 million was created with an estimated life span of 20 years. The impact on the depreciation budget was an additional depreciation to the amount of R4.75 million per year.

It is impossible to give this burden through to the inhabitants of George. To soften the impact of this depreciation a “claw back” of depreciation is done during the budget process as part of the tariff setting. This inevitably leads to a budgeted deficit on the Budgeted Statement of Financial Performance.

## **1.5 Budget Overview of the 2020/21 MTREF**

This section provides an overview of the George Municipality’s 2020/21 to 2022/23 MTREF. It includes an assessment of how the budget links with the national and provincial government contexts along with a review of the fiscal position of George Municipality.

The Municipality’s budget must be seen within the context of the policies and financial priorities of national, provincial and district government. The spheres of Government are partners in meeting the service delivery challenges faced in George. George alone cannot meet these challenges. It requires support from the other spheres of Government through the direct allocation of resources as well as the achievement of their own policies.

Per MFMA Circular No. 99, the following headline inflation forecasts underpin the national 2020 Budget:

Fiscal Year	2019/20 Estimate	2020/21	2021/22	2022/23
		Forecast		
Headline CPI Inflation	4.1%	4.5%	4.6%	4.6%

Source: 2020 Budget Review

The growth parameters apply to tariff increases for property rates, user and other charges raised by municipalities and municipal entities, to ensure that all spheres of government support the national macroeconomic policies, unless it can be shown that external factors impact otherwise.

The budget process in George followed the requirements of the MFMA. A Table of key deadlines was tabled in Council by the Mayor during August 2019.

A Budget Committee was established to examine, review and prioritise budget proposals from departments.

Over the 3-year period, the Municipality is planning to spend R1 053.9 million on capital investment for the infrastructure needs of the City. In 2020/21 the capital budget is R389million. Operating expenditure in 2020/21 is budgeted at R2 457 million and the operating revenue is budgeted at R2 496 million.

The MFMA requires municipalities to set out measurable performance objectives when tabling their budgets. These “key deliverables” link the financial inputs of the budget to service delivery on the ground.

As a further enhancement to this, quarterly service targets and monthly financial targets are contained in the Draft Service Delivery and Budget Implementation Plan (SDBIP). This must be approved by the Mayor within 28 days after the approval of the final budget and forms the basis for the Municipality’s in year monitoring.

The following table is a consolidated overview of the proposed MTREF:

**Table 1 – Consolidated Overview of the 2020/21 MTREF**

	ADJUSTMENTS BUDGET 2019/20 R	BUDGET YEAR 2020/21 R	BUDGET YEAR 2021/22 R	BUDGET YEAR 2022/23 R
Total revenue (excluding capital transfers and contributions)	2 296 250 497	2 422 904 255	2 515 258 215	2 600 313 433
Less: Total expenditure	-2 342 221 627	-2 457 303 342	-2 545 025 222	-2 640 200 915

## **1.6 Operating Revenue Framework**

For George Municipality to continue maintaining / improving the quality of services provided to its citizens it needs to generate the required revenue.

The municipality's revenue strategy is built around the following key components:

- National Treasury's guidelines, MFMA Circular No. 98 & 99;
- The municipality's Property Rates Policy;
- The municipality's Credit Control and Indigent Policy and rendering of free basic services;
- Tariff policy and structure;
- Electricity tariff increases as approved by the National Electricity Regulator of South Africa (NERSA);
- Revenue enhancement plan.

The following table is a summary of the 2020/21 MTREF (classified by main revenue source):

**Table 2 – Summary of revenue classified by main revenue sources**

Description	2016/17	2017/18	2018/19	Current Year 2019/20			2020/21 Medium Term Revenue & Expenditure Framework

Revenue generated from property rates and service charges forms a significant percentage of the revenue source of the municipality. The above table considers revenue foregone arising from discounts and rebates associated with the tariff policies of the Municipality and capital transfers and contributions.

The operating revenue increases from R2 366 billion to R2 497 billion.

The **6%** increase in revenue is mainly due to:

- An increase in Other Revenue – is mainly due to an increase in the GIPTN fare revenue for the roll-out of further phases.
- An increase in Transfers Recognised – Operational is mainly due to an increase in the following grants:
  - The Equitable Share allocation – from R149.9m in 2019/20 to R163.7m in 2020/21.
  - The George Integrated Public Transport Network Grant (GIPTN) – from R106.7m in 2019/20 to R156.7m in 2020/21.
- The decrease in Transfers Recognised – Capital is mainly due to a decrease in the following grants:

- Public Transport Network Grant (PTNG) – (R44m – 2019/20 to R24.5-2020/21); and
- Integrated National Electrification Programme (INEP) – (R13m – 2019/20 to R2.852m -2020/21).

The table also gives the percentage increases in property rates and the service charges.

The following table provides a breakdown of the various grants allocated to George Municipality over the medium term:

**Table 3 – Grants Allocation**

**SERVICE CHARGES AND MISCELLANEOUS TARIFFS:**

The following tariff increases are proposed:

▪ Electricity	:	8.70%	(awaiting NERSA's guide)
▪ Water	:	6%	
▪ Rates	:	6%	
▪ Refuse	:	6.5%	
▪ Sewerage	:	6.5%	
▪ Other (miscellaneous)	:	5%	

**TARIFF CHANGES SUGGESTED FOR 2020/21****Rates Tariffs**

Property rates cover the cost of the provision of general services. Determining the effective property rate tariff is therefore an integral part of the municipality's budgeting process.

**Implementation of General Valuation Roll on 1 July 2018**

The new General Valuation Roll was implemented on 1 July 2018 and will be valid to 30 June 2022. The implementation of the General Valuation Roll necessitates an evaluation of the current practices regarding applicable discounts and rebates on rates. The 15% rebate that was applicable on all residential properties charges for rates has been discontinued.

Furthermore, the 40% rebate on rural residential properties used for residential properties has been phased out.

The budget committee is evaluating possible rebates for the elderly.

**4.2 Rates Charges****4.2.1 Municipal Valuation Threshold**

On qualifying residential properties, up to a maximum valuation of R150 000 which amount includes the R15 000 as per Section 17(1)(h) of the MPRA and the R135 000 reduction granted as per paragraph E1.1.2 of the approved Rates Policy will be deducted from the total valuation before rates are levied.

**4.2.2 Rates Revenue**

The public's reaction to the ever-increasing tariff hikes in electricity charges has resulted in a decline in revenue from electricity sales. George Municipality must reduce its reliance on electricity as its main source of income and will have to focus on the rates revenue. Given the afore-mentioned it is proposed that rates increase by 6.5%

## **Water Tariffs**

South Africa faces similar challenges regarding water supply as it did with electricity, since demand growth outstrips supply. Consequently, National Treasury is encouraging all municipalities to carefully review the level and structure of their water tariffs to ensure:

- Water tariffs are fully cost-reflective – including the cost of maintenance and renewal of purification plants, water networks and the cost associated with reticulation expansion;
- Water tariffs are structured to protect basic levels of service and ensure the provision of free water to the poorest of the poor (indigent); and
- Water tariffs are designed to encourage efficient and sustainable consumption.

In addition, National Treasury has urged all municipalities to ensure that water tariff structures are cost reflective.

During the tariff modelling exercise, it was acknowledged that the basic charge for water does not cover the basic cost for the water service and that the structure needs to be changed and remodelled in future budgets.

A tariff increase of 6% from 1 July 2020 for water is proposed. In addition, 6kl water per 30-day period will be granted free of charge to all households. The tariff structure is designed to charge higher levels of consumption at a higher rate per kilolitre.

The tariff structures of the DMA and George are different. The 6% increase in the current tariff will apply to the DMA area as well. George Municipality is reassessing the basic charge for water service to ensure that it is cost reflective of the fixed costs components needed to deliver water to the consumers.

The budget committee was confronted with the call by National Treasury to keep the tariff increases within the upper limit of 3 to 6 per cent target band together with the double-digit electricity bulk purchase tariff increase on the one hand and the need for additional budget for capital renewal and operational costs in the departments on the other hand. The committee elected to increase water tariffs by 6 per cent for usage in the normal band of 6-20 kilolitres. The step tariffs for domestic households (excluding industries/businesses) will be reviewed for the water usage above 20 kilolitres per month. This will lead to an increase in the tariff of above 6 per cent.

Council has embarked on a war on leaks – project to curb water losses. The installation of smart water meters has also been approved to assist in the process. This will bring down the water losses and a decline in the associated cost of purifying water. It will also improve the management of the water usage by indigent households where excessive usage is often registered.

## Electricity Tariffs

George Municipality has not received the NERSA's guideline for all local-authority tariff increases. George Municipality estimates the allowed tariff increase to be 8.7%.

The local authority tariff increase is effective from 1 July 2020 to 30 June 2021. During the April 2020 to June 2020 three-month period, the 2019/20 local authority tariffs are still applicable.

NERSA sets benchmark tariffs as a guideline and it should be noted that the guideline is not an automatic increase in tariffs. This municipality has a distribution license and is still required to apply to NERSA for the approval of our tariffs.

Indigent households will receive 70kWh electricity free at the beginning of each month.

## Sanitation tariffs

A tariff increase of 6.5% for sanitation from 1 July 2020 is proposed.

The following table compares the current and proposed tariffs:

**Table 4 – Comparison between current sanitation charges and increases**

<b>CURRENT TARIFF 2019/20 Rand per year</b>	<b>PROPOSED TARIFF 2020/21 Rand per year</b>	<b>DIFFERENCE R</b>	<b>% INCREASE</b>
2 651.39	2 823.73	172.34	6.5%

## Waste Removal tariff

A 6.5% increase in the waste removal tariff is proposed from 1 July 2020.

**Table 5 – Comparison between current waste fees and increases for a single dwelling-house**

<b>CURRENT TARIFF 2019/20 Rand per year</b>	<b>PROPOSED TARIFF 2020/21 Rand per year</b>	<b>DIFFERENCE R</b>	<b>% INCREASE</b>
2 492.53	2 655.61	163.08	6.5%

The cost of establishing of a composting plant, the closure of the dumping site, the increase in cost of depositing household waste at the new proposed regional landfill site, the establishing of a landfill site in Uniondale and the transport of household waste to PETRO SA, are putting a tremendous pressure on the financial viability of the waste removal service, hence the 6.5% increase in tariff. Urgent strategic decisions are needed in this regard. The regional landfill site is planned to start operations in March 2021. George Municipality has budgeted R33.6 million in anticipation of the to the regional landfill site becoming operational.

### **Overall impact of tariff increases on households**

The following table shows the overall expected impact of tariff increases on a large and small household, as well as an indigent household receiving free basic services.

It needs to be noted that most indigent households in George are situated in the affordable house areas. The valuation of these houses is below R150 000 and due to rebates do not pay property rates.

Indigent households receive a discount on their services equal to the basic charge for water plus 6kl water free, 70kwh electricity units, the monthly levy for refuse and sanitation.

**Table 6 – MBRR Table SA14 – Household bills**

The follow tables give the monetary impact of the tariff increases on the monthly household bills.

**WC044 George - Supporting Table SA14 Household bills**

The operating expenditure has increased from R2 342 billion in 2019/20 (February adjustments budget) to R2 457 billion in 2020/21. The **5%** increase can be attributed to increases and decreases on several expenditure components.

The increase or decrease in expenditure is mainly due to:

- Contracted Services: This is mainly due to the decrease in the budget for operational expenditure on Housing Projects and the GIPTN.
- Bulk Purchases for Electricity: Increased by 8.7%.
- Other expenditure: An amount of R34 million has been provided for the Regional Landfill Site.

## 1.8 Capital Budget

The Budget Committee went through several stages of prioritizing the capital budget to contain the budget within the available funding.

The budget committee has prioritized the upgrading of the core services infrastructure.

To achieve this the capital budget has appropriated R 118,9 million over the MTREF for the additions for the sewerage treatment works. The upgrading of sewer pump stations has been prioritized and R75,9 million over the MTREF has been allocated. A further R 325,8 million has been allocated to the extension of the water treatment works.

The Thembaletu / Ballots bay 66KV/11kv substation is a multi-year project. The 2019 budget R25m had to be rolled over to 2020 due to the expected delivery date of the transformer shifting to the 2020/21 financial year.

This draft capital budget has been compiled with due consideration to the direct impact that it would have on the operating budget and our cash position where

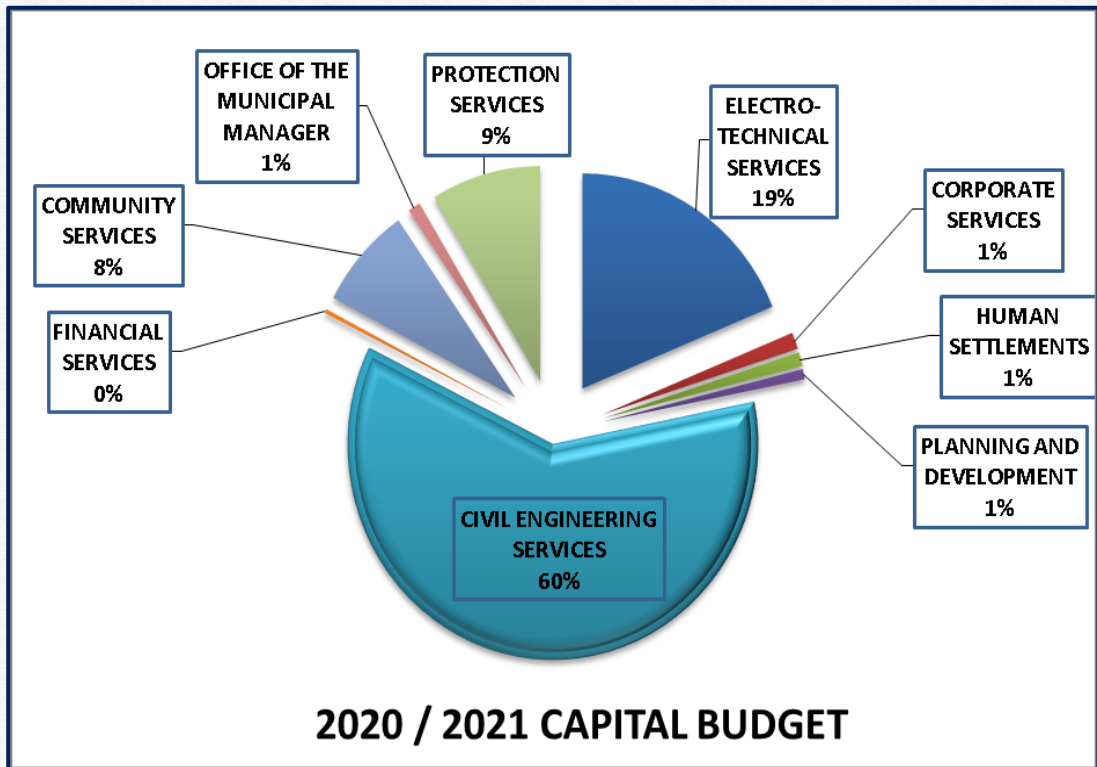

The draft Capital budget reflects the following budget allocation to the various departments and reflects the strategic priorities outlined in the IDP.

**Table 9 – Capital Budget per department**

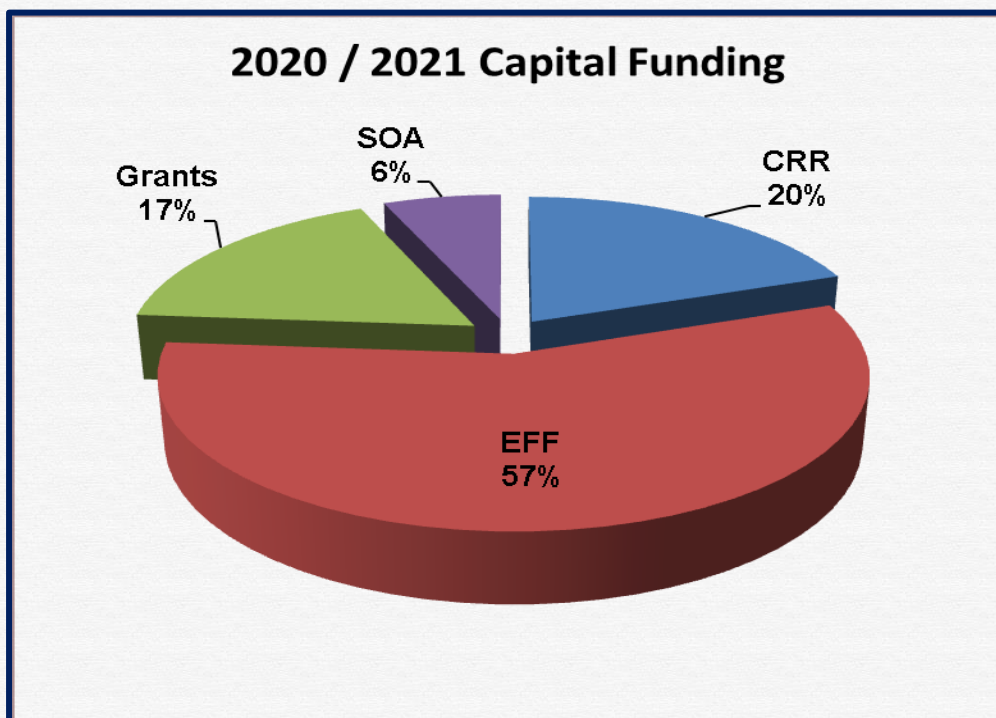

Directorate	Total Per Department			
	Adjustments Budget Feb 2020	Proposed 2020/21	Proposed 2021/22	Proposed 2022/23
	R	R	R	R
ELECTRO-TECHNICAL SERVICES	45 191 493	72 930 530	59 560 375	65 054 326
CORPORATE SERVICES	3 608 255	4 850 000	6 896 000	4 325 000
HUMAN SETTLEMENTS	3 024 050	4 022 000	3 832 000	3 231 000
PLANNING AND DEVELOPMENT	2 843 500	2 992 000	2 508 000	2 582 000
CIVIL ENGINEERING SERVICES	193 826 149	234 679 629	200 704 550	237 708 348
FINANCIAL SERVICES	1 831 500	1 214 000	-	200 000
COMMUNITY SERVICES	23 034 559	29 884 023	16 506 587	13 740 000
OFFICE OF THE MUNICIPAL MANAGER	2 031 500	3 800 000	2 696 000	1 005 000
PROTECTION SERVICES	16 659 559	33 603 031	33 232 019	12 151 000
<b>TOTAL</b>	<b>292 050 565</b>	<b>387 975 213</b>	<b>325 935 531</b>	<b>339 996 674</b>

The pie chart below indicates the proposed capital budget per department:

R28,9 million (12,3%) of the total budget for Civil Engineering Services is funded from grants. R6,669 million (23%) of the grant funding for Civil Engineering Services is earmarked for the further roll – out of the GIPTN.

The pie chart below indicates the funding mix of the Capital Budget.

### **1.8.2 Internal Funding**

One of the main challenges impacting on the capital budget is the expected contributions to the Capital Replacement Reserve (CRR) for the current year. This situation also emphasizes the need to expand our current additional income base (sources) and exploring other income sources. The Budget Committee re-affirmed the need to broaden the income base.

A contribution of R62 million was made to the CRR in the February 2020 Adjustments Budget from working capital.

Although the budgeted income and expenditure are realistically anticipated, the situation regarding the available internal funds will be monitored closely and expenditure on capital projects linked to the CRR will be managed per the available cash.

The table below gives a breakdown of the available budgeted CRR funds.

**Table 10 – Budgeted CRR funds**

<b>BUDGETED CRR FUNDING FOR 2020/21</b>				
<b>DESCRIPTION OF CAPITAL REPLACEMENT RESERVED (CRR)</b>	<b>PROJECTED BALANCE 30/06/2020 AFS</b>	<b>PROJECTED CAPITAL CONTRIBUTIONS</b>	<b>VAT INCOME ON GRANTS</b>	<b>TOTAL AMOUNT AVAILABLE FOR CAPITAL EXPENDITURE</b>
General	10 579 597	1 669 500	187 500	12 436 597
Electricity	4 084 900	4 340 488	1 677 717	10 103 106

<b>TOTAL CRR</b>	<b>24 419 301</b>	<b>20 326 960</b>	<b>7 097 198</b>	<b>75 843 459</b>

### 1.8.3 External Financing Funding

Although the Long Term Financial Plan indicates that George Municipality's gearing has declined, allowing the municipality to take up external funding, the magnitude of external funding required over the MTREF compelled the Budget Committee to further scrutinize the different planning scenarios before committing to taking up loans of more than R563,2 million over the MTREF. The multi-year planning needs to be spread out over a 5-7-year period to soften the impact of interest and redemption payments on tariffs to the customers.

The Budget Committee considered the requests by the technical departments to take up external loans to fund major upgrading of infrastructure and new infrastructure to provide for the demand created by new developments.

After thorough discussions with the technical departments it was decided to prioritize the upgrading of the sewerage treatment works as from the 2019/20 MTREF. The upgrading of the water treatment works will receive priority in the 2020/21 financial year. Further planning will be done to mitigate the risks relating to the upgrade that will only commence in the 2020/21 MTREF.

## 1.9 Budget Schedules

The Municipal Budget and Reporting Regulations are designed to achieve a range of objectives, including improving the local government sphere's ability to deliver basic services by facilitating improved financial sustainability and better medium-term planning and policy choices on service delivery.

Narrative will only be provided at certain tables to clarify certain aspects otherwise it will be a repetition of what has already been documented.

References

1. Government Finance Statistics Functions and Sub-functions are standardised to assist the compilation of national and international accounts for comparison purposes
2. Total Revenue by functional classification must reconcile to Total Operating Revenue shown in Budgeted Financial Performance (revenue and expenditure)
3. Total Expenditure by Functional Classification must reconcile to Total Operating Expenditure shown in Budgeted Financial Performance (revenue and expenditure)
4. All amounts must be classified under a functional classification. The GFS function 'Other' is only for Abbatoirs, Air Transport, Forestry, Licensing and Regulation, Markets and Tourism - and if used must be supported by footnotes. Nothing else may be placed under 'Other'. Assign associate share to relevant classification.

**References**

1. Classifications are revenue sources and expenditure type
2. Detail to be provided in Table SA1
3. Previously described as 'bad or doubtful debts' - amounts shown should reflect the change in the provision for debt impairment
4. Expenditure type components previously shown under repairs and maintenance should be allocated back to the originating expenditure group/item; e.g. employee costs
5. Repairs & maintenance detailed in Table A9 and Table SA34c
6. Contributions are funds provided by external organisations to assist with infrastructure development; e.g. developer contributions (detail to be provided in Table SA1)
7. Equity method (Includes Joint Ventures)
8. All materials not part of 'bulk' e.g. road making materials, pipe, cable etc.

References

1. Municipalities may choose to appropriate for capital expenditure for three years or for one year (if one year appropriation projected expenditure required for yr2 and yr3).
2. Include capital component of PPP unitary payment. Note that capital transfers are only appropriated to municipalities for the budget year
3. Capital expenditure by functional classification must reconcile to the appropriations by vote
4. Must reconcile to supporting table SA20 and to Budgeted Financial Performance (revenue and expenditure)
5. Must reconcile to Budgeted Financial Performance (revenue and expenditure)
6. Include finance leases and PPP capital funding component of unitary payment - total borrowing/repayments to reconcile to changes in Table SA17
7. Total Capital Funding must balance with Total Capital Expenditure
8. Include any capitalised interest (MFMA section 46) as part of relevant capital budget

**References**

1. Include services provided by another entity; e.g. Eskom
2. Stand distance <= 200m from dwelling
3. Stand distance > 200m from dwelling
4. Borehole, spring, rain-water tank etc.
5. Must agree to total number of households in municipal area (informal settlements receiving services must be included)
6. Include value of subsidy provided by municipality above provincial subsidy level
7. Show number of households receiving at least these levels of services completely free (informal settlements must be included)
8. Must reflect the cost to the municipality of providing the Free Basic Service
9. Reflect the cost to the municipality in terms of 'revenue foregone' of providing free services (note this will not equal 'Revenue Foregone' on SA1)

## **Part 2 – Supporting documentation**

### **2.1 - Disclosure on implementation of the MFMA & other applicable legislation**

#### **Municipal Finance Management Act – No 56 of 2003**

The MFMA became effective on 1<sup>st</sup> July 2004. The Act aims to modernise budget and financial management practices within the overall objective of maximising the capacity of municipalities to deliver services.

The MFMA covers all aspects of municipal finance including budgeting, supply chain management and financial reporting.

The various sections of the Act are phased in according to the designated financial management capacity of municipalities. George has been designated as a high capacity municipality. The MFMA is the foundation of the municipal financial management reforms which municipalities are implementing.

#### **The MFMA and the budget**

The following explains the budgeting process in terms of the requirements in the MFMA. It is based on National Treasury's guide to the MFMA.

### **2.2 – The budget preparation process**

#### **2.2.1 – Overview**

A central element of the reforms is a change to the way that municipalities prepare their budgets.

The MFMA requires a council to adopt three-year capital and operating budgets that take into account, and are linked to, the municipality's current and future development priorities (as contained in the IDP) and other finance-related policies (such as those relating to free basic service provision).

These budgets must clearly set out revenue by source and expenditure by vote over three years and must be accompanied by performance objectives for revenue and expenditure, a cash flow statement and particulars on borrowing, investments, municipal entities and service delivery agreements, grant allocations and details of employment costs.

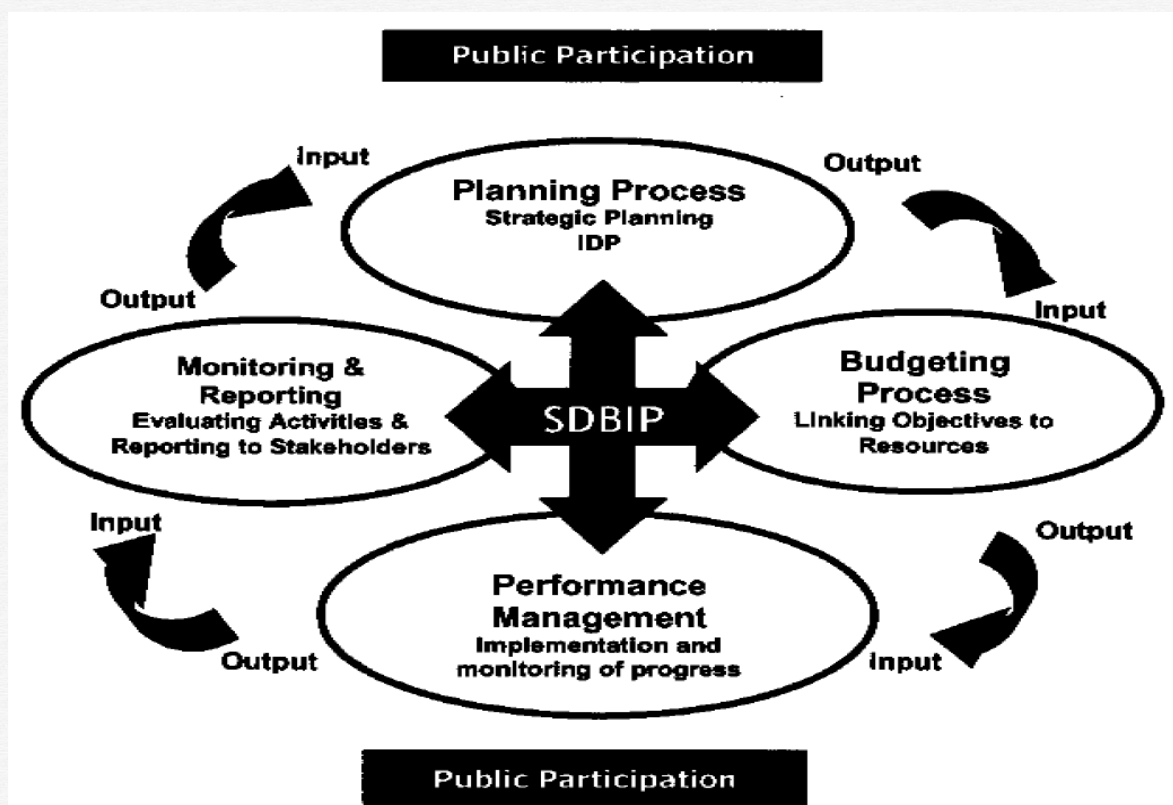

The budget may be funded only from reasonable estimates of revenue and cash-backed surplus funds from the previous year and borrowings (the latter for capital items only).

## 2.2.2 – Budget preparation timetable

The first step in the budget preparation process is to develop a timetable of all key deadlines relating to the budget and to review the municipality's IDP and budget-related policies.

The budget preparation timetable should be prepared by senior management and tabled by the mayor for council adoption ten months before the commencement of the next budget year.

The next diagram depicts the planning, implementation and monitoring process that is followed in George Municipality.

In terms of Section 21 of the MFMA the Mayor is required to table in Council ten months before the start of the new financial year a time schedule of key deadlines that sets out the process to revise the IDP and prepare the budget.

**Table 22 – Schedule of Key Deadlines relating to the budget process**

51	Section 56/57 Managers' Annual Performance Evaluations for 2019/20	MM & Executive Mayor	Performance evaluated	July - September 2020

### **2.2.3 – Tabling of the draft budget**

The initial draft budget must be tabled by the mayor before council for review by 31 March.

Once tabled at council, the municipal manager must make public the appropriate budget documentation and submit it to both the national and the relevant provincial treasury and any other government departments as required. At this time, the local community must be invited to submit representations on what is contained in the budget.

The municipal budget will be tabled before Council on 22 May 2020 due to the lockdown regulations that was caused by the COVID 19 epidemic.

### **2.2.4 – Consultation with the community and key stakeholders**

When the draft budget is tabled, council must consider the views of the local community, the national and the relevant provincial treasury and other municipalities and government departments that may have made submissions on the budget.

The consultation with National and Provincial Treasuries regarding the MTREF is set to take place during May and June 2020.

An extensive public participation process will be conducted as part of the IDP and Budget Road shows and will commence during May 2020 (the COVID-19 outbreak will drastically impact on the time frame as well as manner of public participation that will take place during 2020). The overall objective of this road show is to ensure an authentic and inclusive public participation process for the IDP and budget. The planning of this road shows will be driven by a steering committee constituted by politicians and officials from all Directorates.

A complete report regarding the feedback on the public participation process will be included in the Final IDP document.

## **2.3 – Service Delivery and Budget Implementation Plan (SDBIP)**

The municipal manager must within fourteen days after the approval of the annual budget submit to the mayor for approval a draft service delivery and budget implementation plan and draft annual performance agreements for all pertinent senior staff.

A service delivery and budget implementation plan is a detailed plan for implementing the delivery of municipal services contemplated in the annual budget and should indicate monthly revenue and expenditure projections and quarterly service delivery targets and performance indicators.

The mayor must approve the draft service delivery and budget implementation plan within 28 days of the approval of the annual budget.

This plan must then be monitored by the mayor and reported on to council on a regular basis. The municipal manager is responsible for implementation of the budget and must take steps to ensure that all spending is in accordance with the budget and that revenue and expenditure are properly monitored.

Generally, councils may incur expenditure only if it is in terms of the budget, within the limits of the amounts appropriated against each budget vote – and in the case of capital expenditure, only if council has approved the project. Expenditure incurred outside of these parameters may be considered to be unauthorised or, in some cases, irregular or fruitless and wasteful. Unauthorised expenditure must be reported and may result in criminal proceedings.

## 2.4 – Alignment of Annual Budget with IDP

Local priorities were identified as part of the IDP process which is directly aligned to that of national and provincial priorities.

The IDP strategic objectives and goals are set out in the IDP document.

George is a city for all reasons and this along with the strategic vision and mission has led to the conceptualisation of five strategic goals for George. These goals are as follows:

The above strategic goals are set to become the catalysts to ensure that the vision and mission is achieved in the next five years.

The 2020/21 MTREF has therefore been directly informed by the IDP and the following tables provide reconciliation between the IDP strategic objectives and goals.

**Table 23 – SA4: Reconciliation between IDP strategic objectives and budgeted operating revenue**

## **2.6 – Overview of budget related policies**

The municipality's budgeting process is guided and governed by relevant legislation, frameworks, strategies and related policies.

Section 17 (3) (e) of the Municipal Finance Management Act, (Act No 56 of 2003) prescribes that the Municipality must review the budget related policies annually. Herewith follows suggested changes to Council's budget related policies.

This administration has reviewed and workshops were held where changes were made to the following policies:

- Customer Care, Credit Control and Debt Collection Policy;
- Property Rates Policy;
- Tariff Policy,
- Unauthorized Irregular and Fruitless and Wasteful Expenditure Policy;
- Indigent Policy;
- Virement Policy;
- Cash Management and Investment Policy;
- Travel & Subsistence Policy;
- Supply Chain Management Policy;
- PPPFA Policy;
- Asset Management Policy;
- Funding Borrowing & Reserve Policy;
- Long Term Financial Plan;
- Liquidity Policy

The Budget Committee has indicated that the finalization of the draft policy changes will be finalized after the budget consultation process is completed. The draft policies are contained in the budget documentation and will be placed on the municipal website for public comment.

## **2.7 – Budget Assumptions**

Budgets are prepared in an environment of uncertainty. To prepare meaningful budgets, assumptions need to be made about internal and external factors that could influence the budget. Documentation of the assumptions used in preparing the budget assists understanding of the information. This section provides a comprehensive summary of all the assumptions used in preparing the budget.

### **2.7.1 – National Treasury MFMA Circular No 98 & 99**

These Circulars was issued on 06 December 2019 and 09 March 2020 respectively, and it provides further guidance to municipalities for the preparation of the 2020/21 budget and MTREF. The circulars were used in preparing this budget.

#### **2.7.2 – Inflation Outlook**

In MFMA Circular No 99, inflation forecasts are estimated at 4.5%, 4.6% and 4.6% respectively for the years 2020 to 2022.

### 2.7.3 – Rates, tariffs, charges and timing of revenue collection

The Budget Committee made use of tariff modelling to calculate realistic tariff increases. Although the budget committee endeavoured to contain the increase within the 6% upper boundary of the South African Reserve Bank's inflation target, the model indicated that this was not possible. In order to have a funded budget the following tariff increases are recommended for the 2020/21 financial year:

Category	Base Budget 2019/20	Budget Year 2020/21	Budget Year 2021/22	Budget Year 2022/23
Property Rates	7.50%	6.00%	6.50%	6.50%
Electricity	13.07%	8.70%	8.00%	8.00%
Water	6.00%	6.00%	6.00%	6.00%
Sanitation	8.50%	6.50%	6.50%	6.50%
Refuse	9.00%	6.50%	6.50%	6.50%
Other	5.00%	5.00%	5.00%	5.00%

The cash flow statement shows when rates and tariffs are expected to be collected over the financial year. In general terms, the timing of rates, tariffs and charges is based on the following;

Rates	Monthly billing. Interim billing throughout the year.
Tariffs	Monthly billing. On-going prepayment meters. Seasonal fluctuations.
Charges	Generally steady state throughout the financial year with seasonal fluctuations.

**2.7.4 – Collection rates for each revenue source and customer type**

The following bad debt provisions and collection rates are assumed in the MTREF for rates and tariffs.

	<b>2020/21</b>	<b>2021/22</b>	<b>2022/23</b>
Provision for bad and doubtful debts	R74.9m	R78.7m	R83.4m
Assumed collection rate	96%	96%	96%

**2.7.5 – Price movements on specifics e.g. bulk purchases**

The following amounts are included in the MTREF for increases in bulk purchases;

	<b>2020/21</b>	<b>2021/22</b>	<b>2022/23</b>
ESKOM	R528.2m	R565.6m	R606.7m

**2.7.6 – Average salary increases**

The MTREF includes the following average percentage increases for wages and salary and for councillors' allowances;

	<b>2020/21</b>	<b>2021/22</b>	<b>2022/23</b>
Councillors	6.25%	5%	5%
Staff	5%	5%	5%

**2.7.7 – Industrial relations climate, reorganisation and capacity building**

The ability of the Municipality to deliver quality services is virtually entirely dependent on its staff. Failure by the Municipality to invest in its staff to ensure that the capacity and skills exist to meet the challenges being faced by George will ultimately mean a failure to deliver services.

The Municipality has made the following amounts available for training over the MTREF period.

	<b>2020/21</b>	<b>2021/22</b>	<b>2022/23</b>
Training Budget	R2.1m	R2.1m	R2.8m

## 2.7.8 – Trends in demand for free or subsidised basic services

George's criteria for supporting free or subsidised basic services are set out in the Indigent Policy. The Government allocates revenue via the Equitable Share grant with the primary aim of assisting municipalities with the costs of providing free or subsidised basic services. Any costs over and above the Equitable Share allocation must be paid by the consumer.

The proposed allocation to Indigent Households will have the following financial consequences:

<b>National Allocations</b>	<b>Draft MTREF allocation</b>		
<b>Grant Description</b>	<b>2020/21</b>	<b>2021/22</b>	<b>2022/23</b>
Equitable Share (Gazetted allocation)	R163 760 000	R179 113 000	R194 607 000
<b>Operational Projects</b>			
DMA allocation - salaries	10 943 040	11 709 053	12 440 869
Roads Maintenance - DMA	1 500 000	2 500 000	2 500 000
Water Network Maintenance - DMA	1 500 000	2 500 000	2 500 000
Electricity Network Maintenance - DMA	314 960	1 631 947	2 000 000
Water leakages	3 000 000	3 000 000	3 000 000
Audit and Social assessments	100 000	100 000	100 000
Electricity Prepaid meter	1 500 000	1 500 000	1 500 000
Sewerage blockages	1 000 000	1 000 000	1 000 000
Water	34 558 000	36 631 000	38 829 000
Sewerage	42 378 000	45 980 000	49 888 000
Refuse removal	40 071 000	43 677 000	47 608 000
Electricity	23 395 000	25 384 000	27 542 000
Social projects	1 500 000	1 500 000	1 500 000
Eskom - 50kw	2 000 000	2 000 000	4 199 131
<b>Total allocations</b>	<b>R163 760 000</b>	<b>R179 113 000</b>	<b>R194 607 000</b>

The indigent qualification criteria will be enforced more rigorously to ensure that those who do not qualify are removed from the allocation list. This saving on the equitable share allocation, if any, will allow Council to make an additional contribution from the operating account to fund the provision of free basic services.

It must be remembered that such indigent support is not subsidized from services charges collected from the citizens of George.

The proposed package of free basic services allocated to the indigents consists of the following:

Description	Escalation (%)	2019/20 (R)	2020/21 (R)
Water (Basic)	6%	89.81	95.20
Water 6kl	6%	94.38	100.04
Electricity	8.7%	96.53	104.93
Refuse	6.5%	207.70	221.20
Sewer	6.5%	220.95	235.31
<b>Total</b>		<b>R709.37</b>	<b>R756.68</b>

### 2.7.9 – Ability of the municipality to spend and deliver on the programmes

By end March 2020, the Municipality has spent R81.2 million out of an adjusted capital budget of R396 473 million, equating to 20% of the total budget. Against the original budget of R344.8 million the spending is 24%.

Spending is monitored closely throughout the year and Directors must ensure that capital programmes are supported by robust planning. The Municipality is currently reviewing its capital planning processes and will soon implement the capital rating and ranking programme of Ignite Advisory Service.

The SDBIP includes monthly cash flows of expenditure and is used as the basis for budget monitoring. Monthly Section 71 meetings with portfolio councillor, municipal manager, directors and the budget office also forms part of the monitoring tool and directorates must give reasons for poor performance and over spending and put corrective measures in place.

### 2.7.10 – Capital Budget

Projects to be funded from the Capital Replacement Reserve (CRR) were capped at R75,9 million and R 219,8 million for projects linked to external funding (EFF). Of the R219,8 million R74 million was rolled over from 2019/20 financial year. Full provision was made for grant funded projects as contained in the Division of Revenue Act. An amount of R67,6 million was budgeted for grants.

The housing development in Thembaletu is one of the main developments putting pressure on the waterworks as well as the sewage treatment works. The electricity infrastructure is also not sufficient for the housing projects development. The Western Cape Department of Human Settlements has indicated their willingness to assist with possible grant funding given the magnitude of the housing project and its impact on the bulk infrastructure.

Province is facilitating the housing development projects and as such the grant allocation has been included in the operating budget (R154,45 million).

### **2.7.11 – Implications of restructuring and other major events in the future**

Council approved a new macro organisational structure in June 2017 which has increased the Directorates from seven to nine with a 10year phase-in approach to fill vacant posts.

### **2.7.12 – Service level standards**

MFMA circular No. 72 indicated that all municipalities must formulate service level standards which must form part of the tabled MTREF budget documentation.

A broad guideline was provided on the minimum service standards to be incorporated in the budget documentation. In addition to the guideline, a framework was developed as an outline to assist municipalities in finalising their service level standards.

It is accepted that it is not possible to have the same service level standards across all municipalities. Therefore, the outline must be used as a guideline and be amended accordingly to align to the municipality's specific circumstances.

The municipality is currently busy updating the service level standard document.

#### **2.8.4 Councillors and employee benefits**

The total remuneration has increased from R625.6 million to R650.7 million. The increase of R25.1 million can be contributed to:

- Employee Related Costs – An increase of 6.25% was provided for salaries and wages.
- The process of prioritizing the critical vacant posts will be completed before finalizing the budget in June 2020.
- An amount of R22.6 million has been budgeted for the contribution to the post retirement benefit obligation.

References

1. Include 'Loans and advances' where applicable if any reportable amounts until phased compliance with s164 of MFMA achieved
2. s57 of the Systems Act
3. In kind benefits (e.g. provision of living quarters) must be shown as the cost (full market value) to the municipality, as part of the relevant allowance
4. B/A, C/B, D/C, E/C, F/C, G/D, H/D, I/D
5. Must agree to the sub-total appearing on Table A1 (Employee costs)
6. Includes pension payments and employer contributions to medical aid
7. Correct as at 30 June

Column Definitions:

- A, B and C. Audited actual as per the audited financial statements. If audited amounts are unavailable, unaudited amounts must be provided with a note stating these are unaudited
- D. The original budget approved by council for the budget year.
- E. The budget for the budget year as adjusted by council resolution in terms of section 28 of the MFMA.
- F. An estimate of final actual amounts (pre audit) for the current year at the point in time of preparing the budget for the budget year. This may differ from E.
- G. The amount to be appropriated for the budget year.
- H and I. The indicative projection

## 2.8.5 Monthly targets for revenue, expenditure and cash flow

Table 32 – SA25: Budgeted monthly revenue and expenditure by revenue source and expenditure type

1. Total implication for all preceding years to be summed and total stated in 'Preceding Years' column

2. List all contracts with future financial obligations beyond the three years covered by the MTREF (MFMA s33)

3. For municipalities with approved total revenue not exceeding R250 m - all contracts with an annual cost greater than R500 000. For municipalities with approved total revenue greater than R250 m - all contracts with an annual cost greater than R1million. For municipalities with approved total revenue greater than R500 m - all contracts with an annual cost greater than R5 million

### **2.8.7 Capital expenditure details**

The following three tables present details of the Municipality's capital expenditure programme.

**Table 39 – SA34a: Capital Expenditure on new assets by asset class**

WC044 George - Supporting Table SA34a Capital expenditure on new assets by asset class

References

1. Must reconcile with 'Budgeted Financial Performance (Revenue and Expenditure)
2. Must reconcile to supporting documentation on staff salaries
3. Insert other categories where revenue or expenditure is of a material nature (list separate items until 'General expenses' is not > 10% of Total Expenditure)
4. Expenditure to meet any 'unfunded obligations'
5. This sub-total must agree with the total on SA22, but excluding councillor and board member items
6. Include a note for each revenue item that is affected by 'revenue foregone'
7. Special consideration may have to be given to including 'goodwill arising' or 'joint venture' budgets where circumstances require this (include separately under relevant notes)
8. Repairs and Maintenance is not a GRAP item. However to facilitate transparency, municipalities must provide a breakdown of the amounts included in the relevant GRAP items that will be spent on Repairs and Maintenance.
9. Must reconcile with Repairs and Maintenance by Asset Class (Total Repairs and Maintenance) on Table SA34c.
10. Only applicable to municipalities that have adopted the 'valuation method' in GRAP 17. The aim is to prevent overstating 'depreciation and asset impairment'

Dear Mr C Lubbe

**OBSERVATIONS AND RECOMMENDATIONS EMANATING FROM THE MID-YEAR BUDGET AND PERFORMANCE ENGAGEMENT HELD ON THE 24 & 25 FEBRUARY 2020**

Thank you for a productive engagement we had on 24 and 25 February 2020. This letter intends to capture high-level issues and major recommendations emanating from the engagement which should inform the Municipality's 2020/21 MTREF, where appropriate. This will be followed by a more detailed report.

The aim of the 2020 annual mid-year budget and performance assessment engagement was to focus on the municipality's 2018/19 financial year's performance, the 2019/20 mid-year performance and preparations for the 2020/21 Medium Term Revenue and Expenditure Framework. A summation of the observations, recommendations and resolutions emanating from the discussions is presented below.

**KEY OBSERVATIONS**

**Institutional Arrangements (Fragile)**

The general institutional governance of the municipality is fragile. The following are the reasons that substantiate this:

- a) The Municipality's Municipality Manager (MM) is on precautionary suspension and the Chief Financial Officer (CFO) was dismissed. There are also two senior managers that are on precautionary suspension.
- b) High vacancy rate remain a risk within the municipality.
- c) The municipality finds it difficult to keep employee related costs below 30 per cent as a result of conversion of contractual employees to permanent status.
- d) According to the municipality, unfunded mandates remain a challenge specifically on housing.
- e) There are still challenges with aligning data strings to the statement of financial position and cash flow.
- f) The audited AFS 2018/19 data strings and the restated 2017/18 data strings are still outstanding.

On a positive note:

- g) All senior managers sign their performance agreements in line with the municipality's IDP.
- h) To curb contracted services, the municipality does gap analysis in each department before appointing consultants.
- i) There is a good relationship with private sector, sector departments including Western Cape Human Settlements Department to achieve spatial planning.
- j) The municipality's Spatial Development Framework (SDF) is Spatial Planning and Land Use Management Act (SPLUMA) compliant.
- k) On implementing the municipal standard chart of accounts (mSCOA), the municipality has a good use of the item segment.

#### Financial Health (Sound)

The 2020 Mid-Year Budget Review concluded that the financial health of the municipality is sound, and the following issues inform these conclusions:

- a) Cash coverage of more than five months is very good. There are sufficient current assets to cover current liabilities. Cash and cash equivalents of R562.6 million in 2018/19 were enough to cover outstanding creditors of R255.8 million in 2018/19.
- b) Municipality achieved a 98 per cent collection rate in 2018/19 and has maintained a 95.7 per cent during mid-year 2019/20.
- c) The municipality registers all new development as a revenue enhancement strategy to constantly boost its cash position and where there are deficiencies in cash collection, the municipality immediately engage with affected departments in order to get to the root causes of revenue under-collection.
- d) There is however concerns with rising overtime as the municipality is under capacitated in some directorates.
- e) Go-George bus service and housing are the main causes for high contracted services within the municipality.
- f) Although the municipality remain with operational deficits, the deficit has decreased from R28.1 million in 2017/18 to R16.4 million in 2018/19.

#### Financial Governance (Fragile)

Financial Governance is fragile given the following grounds:

- a) Although the municipality received an unqualified audit opinion with findings in 2018/19 from a qualified in 2017/18, a cause for concern is the increase of irregular expenditure from R11.9 million in 2017/18 to R832.6 million in 2018/19 – as a result of Councillors being involved in tender processes.

On a positive note:

- b) The municipality reported that there are no new risks recorded by the Auditor General in 2018/19.
- c) There are risk champions in each directorate, who report to the Chief Risk Officer.
- d) Contractual deviations were reduced from R44.9 million to R14.3 million in 2018/19.
- e) There is a Disciplinary board in place since 2018.
- f) Municipal Public Accounts Committee (MPAC), Audit Committee and Council are fully functional.
- g) mSCOA Steering Committee is in place but is not meeting regularly.
- h) Although there is political instability in the municipality, it is not to the extent that it interferes with the administration.
- i) There is no political interference in decision-making as far as land-use development is concerned.
- j) The Preferential Procurement Policy Framework Act (PPPFA) policy was changed to exclude section 80 committee recommendations to avoid Councillor's involvement with supply chain processes.

**Service Delivery (Fragile)**

The engagements concluded that the service delivery performance is fragile, on the following grounds:

- a) Service delivery KPI is at 71.8 per cent, the underspending is mainly due to savings identified on projects, delays in appointment of service providers, service delivery protests and time constraints.
- b) The City recorded capital expenditure of only 31 per cent by mid-year, and only 72.8 per cent in 2018/19 from 76.8 per cent in 2017/18.
- c) Only 31 per cent expenditure was achieved on conditional grants by mid-year and 94 per cent was achieved in 2018/19.
- d) Some projects delayed because some suppliers gone bankrupt.

On a positive note:

- e) There is enough water capacity at the municipality, however, water restrictions are put as a precautionary measure. The municipality is also looking to expand the holding capacity of its dams.
- f) Dam levels are currently at 98 per cent full and water demand is at 30 ML a day.
- g) Recorded water losses have declined to 23.4 per cent in 2018/19 from 27.04 per cent in 2017/18 due to registration of low cost housing.
- h) Electricity losses are low at 9.9 per cent by mid-year from 5.4 per cent in 2018/19 and 7.6 per cent in 2017/18. These are down because the municipality has a live system that detects technical losses. The municipality stands at only 1.5 per cent on non-technical losses.
- i) There is a procurement plan in place in an effort to improve the spending on capital expenditure.

**RECOMMENDATIONS**

In view of these challenges, the municipality recommends that:

- a) NT and PT need take stock of how far the municipality has implemented mSCOA and what are the hurdles that the City still need to jump in order to be mSCOA compliant.
- b) NT needs to guide the municipality on how to recreate restated data strings for 2017/18.
- c) NT looks at the motivating reasons given by the municipality in its letter to NT on slow expenditure on MIG as the municipality had to wait for the adjustment budget to appoint the contractor.
- d) NT should to issue a directive on budgeting below the line items to avoid double taxation on consumers.

NT recommends that:

- e) The municipality should iron out all supply chain impediments upfront in order to benefit from NT and transferring officer's incentive programme of stopping and reallocation of grant funding.
- f) The municipality should soften the funding of capital expenditure from the internally generated funds in order to reduce the impact on cash flow.
- g) The municipality should write to NT regarding the retraction of the Old Mutual Wealth Investment.
- h) Municipality to provide copy of the council cost containment policy.
- i) Municipality to process all unauthorised, irregular, fruitless and wasteful expenditure through the Disciplinary Board for further investigation for financial misconduct.
- j) Audit finding around "political interference" must be processed in terms of the Municipal Regulations on Financial Misconduct Procedures and Criminal Proceedings.
- k) National Treasury will submit to the municipality Circular 88 on how to report on service delivery indicators.

National Treasury appreciates the municipality's preparation efforts which ensured robust and informative discussions for the duration of the engagement.

Yours faithfully

WILLEM VOIGT

DIRECTOR: LOCAL GOVERNMENT BUDGET ANALYSIS
